Smouldening.-Late night before last officers McKee and Knerr noticed the fumes of some hidden fire, and after some search found that some one had carelessly thrown a match or lighted cigar among some rags in a cellar on Mealow Valley street, which had ignited and were smouldering without bursting into flame. The officers are very visibant and were smouldering without bursting into fame. The officers are very vigilant in locking out for the first sign of fire, and in doing so render good service. We notice in the Eureka papers that an alarm of fire was caused in that town by a defective stove pipe, and the Eurekans are called upon to be cautious; advice that our citizens will do well to heed.

Passing the Sheriff's office yesterday we called in and found our friend B. H. Hereford tending to matters in his usual business-like manner. At the moment of our visit Mr. H. was engaged in filing away the Treasurer's vouchers for last month's collection of licenses, taxes, etc., which had been settled in full and as the Mr. Travis Mr. Hereford is managing the business of the office and everything is kept in good shape and as orderly as an old maid's work-box.

YESTEDAY we had the pleasure of making the acquaintance of Mr. Gregg, of the firm of Logan, Gregg & Co., hardware merchants, Pittsburgh, Pa. Mr. Gregg says our town is a lively one, with which we fully coincide. We commend Mr. Gregg to our business men as a very pleasant gentleman, and representing a large and well known house.

SELLING OUT. - Wm. V. Williams, under the head of "New To-day," announces his intention of closing out his large stock of clothing, notions, etc. All his goods will be marked down to extreme figures, as he is determined to make a clearance. Besides his old store on Main street, to expediate sales he has opened a branch in Lynch's building.

PIOCHE, June 4, 1874.-N. Wines is now prepared to furnish pure well water, at a much lower rate than heretofore sold at. The old and well known totore som as.

'Tex." will have charge of delivering it. If the people will give him
their patronage, he will keep water at a
resonable price, and will guarantee to
farnish for one year.

Jor TRAVIS .- The other day we had the pleasure of seeing our friend Jot Travis, who looks as well and hearty as ever. He has been busily engaged on the road, looking after the stage line, and now has got everything in good working trim. The line is now making good time and close connections.

A Good Example.—We find from the Eureka papers that the authorities of that burgh are busy clearing out the collections of refuse garbage, etc., that have accumulated in the highways and byways of the town. Would not the citizens of Pioche do well to follow this ex-

EARLY Sunday morning a man applied at the door of the Parker House saloon, at the door of the Parker House saloon, inquiring for a physician's office. He was a peedly informed of the location of Dr. Williams' office, and that gentleman, after examining the man, found him in an advanced stage of small-pox. The name of the man attacked is August Peterson, a native of Sweden, who arrived here about two weeks ago from Colorado, doubtlessly contracting the disease on the cars. He was first taken sick one week ago yesterday while working on the wood ranch of a man named Dunn, near Pinto. As there were three other men working with him while affected with the disease, unless the greatest precautionary efforts are made, they will contract the contagion, and should loose no time in being vacinated. The patient is doing very well and will probably recover.—[Eureka Sentinel, 2d.

GEN. PAGE is buying up the indebtedness of the Alida mill, with the view of starting that concern to work at the ear-liest possible moment. It is said he is receiving favorable bids from the creditors, who take a sensible view of the Ge ors, who take a sensible view of the General's efforts to revive the business of the camp. The miners are anxiously awaiting his success. Also, that I. C. Bateman and Dave Bell, of the Northern Belle party, were in Columbus at the beginning of last week, and went out by the Wadsworth road on last Wednesday morning. Nothing has as yet been made public as to their plans for the working of the Northern Belle.—[Borax Miner, May 23.

Two Indians were arrested at Fish Springs, Inyo county, Cal., and lodged in jail for the murder of another Indian a couple of weeks since. The murdered Indian was the medicine man of the tribe, and was killed for malpractice, or bad luck in curing his patients. It is a custom among the Indians to kill their doctors when they are frauds, and we doubt the propriety of the whites meddling with their regulations in this or any other matter which concerns the Indians alone. If this practice prevailed among the whites we would have fewer doctors.—[Austin Reveille, May 30.

Two Cornishmen informed the authorities to-day that they were robbed of money, one on Saturday and the other last night. The first lost in the neighborhood of \$150 and the other about \$80. Their stories are similar, and unfortu-nately present no data for the officers to operate upon. They were both in a state of unconscious intoxication, and while in that condition some enterprising citiin that condition some enterprising citi-zens, who were on the watch for bless-ings which might be cast in their way, "went through" them, captured their ducats, and heartlessly deprived them of the wherewith to continue their drunk. —[Eureka Cupel, June 1.

Things must be getting lively at Newark district. Of late scarcely a day passes but what some one is getting into a fight, and if this state of things lasts much louger, a man for breakfast will be one of the indispensables of that locality. Saturday night an affray occurred which would have probably ended with the death of one man, had it not been for the interference of a friend, who received a very ugly wound in trying to prevent a very ugly wound in trying to prevent the row.—[Eureka Sentinel, 2d.

ALTHOCOR the rain fell incesantly on Sunday during the celebration of Decora-tion Day, quite a number turned out and marched to the different cemeteries, and marched to the different cemeteries, and cast their floral tributes on the graves of the departed warriors. The storm prevented the proposed exercises at the graves, and after their decoration and the reading of the burial service by Selden Hetzel, the column, headed by the brass band, took the homeward march.—[Eureka Sentinel, 2d.

The Virginia Consolidated Company intend to build a new 60-stamp mill north of their waste dump, between F and G streets. The company have already bought the houses and lots where they intend to build, and are tearing the houses down and taking them away. This will be a very convenient place for them to have a mill, as they can run the ore over the trestle work they have built from the mine to the mill without change of cars.—[Virg. Chronicle, 30. of cars .- | Virg. Chronicle. 30.

Is be indeed? Well, if you were acquainted with his late doings in and near drink. His place of business is on lower Main street, opposite Sherwood's lumber yard. He has also established a material and realistic old chaps with whom the Enterprise had ever contact.

> Picnic Excussion .- Next Saturday, June 6th, a grand excursion will be made to the Condor Mill Canyon. made to the Condor Mill Canyon. Tickets for the round trip will be issued by the Nevada Central Railroad at the low rate of \$1.50. Holders of tickets will be entitled to the privileges of the dancing floor free. The dancing will be under the conduct of Mr. A. Ely. All are invited to attend. The train will start at 9 a. m., precisely, and return at 6 p. m.
